This meal plan is chock full of simple and delicious recipes that are designed to get the biggest results as you take part in the 6 Week Challenge. We've made sure this plan is easy to follow with ingredients you can find in your local grocery store in one weekly visit.

Each week is divided into a nutritionist-written meal plan, grocery list, and prep ideas and plans. While many people will find this to be the easiest solution, we know your palate may not love every single recipe, which is why we made every meal and snack interchangeable. Simply plug in a recipe you love and you'll be good to go!

The single most important thing our clients tell us when it comes to nutrition? Plan ahead. Each week we've provided prep plans and ideas to make your kitchen come alive with healthy food. For some people this means a Sunday prep day, but others will plan out cooking throughout the week. The key is in the preparation and knowing how you'll fill your kitchen table before 5 PM rolls around.

We've included blank meal plans so that you can mix, match and make a plan that works for you and your home. As cliched as it is, have fun and celebrate the new flavors and foods you'll meet in this plan.

What's not in the plan? Most foods associated with inflammation. Feeling your best means making sure your body's at its healthiest, and our nutritional team has made sure you'll get there.

For those of you who love the grocery store, you can purchase all ingredients in one shopping trip weekly. But, if you're like us and find some weeks to be busy, we recommend services like Instacart, a grocery delivery service that's widely available across the US. You can download their mobile or app or sign-up at www.instacart.com.

42 DAYS TO A _____ HEALTHIER YOU

Plan for Success

1

Portion size matters. When you're filling your plate, base it off the size of your hand. Your palm will be your protein or main dish, your four fingers are your veggies or fruits, and your thumb is the good fats, such as oil or almond butter that we're adding in.

2

Don't starve yourself. Each day includes breakfast, lunch, dinner and snacks. You may be eating in smaller portions, but you'll be fueling your body throughout the day at set times to make sure you're never tempted to binge out of hunger.

3

Ante up your protein intake. As you push your body in the club, make sure you have the right fuel. Add a protein powder + supplement all-in-one to make sure you're building muscle and staying strong.

4

Plan simple meals for complex days. Your accountability coaches will be reviewing your week with you and encouraging you to plan your simplest meals on days when time is lacking and you need an easy day in the kitchen.

5

Supplements for success. Our goal is to make sure you reach your healthiest you. That means we're looking at your health holistically: fitness, nutrition and supplementation. Your accountability coaches will work with you to determine the best supplements for your unique body.

6

Check Amazon for unique ingredients. You may see a handful of ingredients that are available at your local store, but can be found much less expensively on sites like Amazon.

Where can I find vegetarian recipes?

Right inside the meal plan!

For breakfast everything EXCEPT the sausage and mushroom frittata and ham omelette are vegetarian.

Edamame and Chicken Salad: Sub 4 ounces of plant based protein per serving for chicken

Goat Cheese Polenta

Spinach Frittata

Roasted Vegetable and Chicken Grain Bowl: Sub 4 ounces of plant based protein per serving for chicken

Lentil, Beetroot and Hazelnut Salad

Roasted Broccoli Salad

Brown Rice and Edamame Salad

Roasted Vegetable and Spiced Lentils

Slow Cooker Black Bean Soup

Mexican Sweet Potatoes with Black Beans

While many other recipes are adaptable to vegetarian options, these are the ideal starting point and will offer many great meals!

It's time to re-look at last week and consider how we'll make this week an extraordinary success. Share this with your coaches and together you'll create a plan that works just for you!

Week 3 has gotten here, oh so fast!

Your body is likely acclimating incredibly well to your new routine. You may find yourself waking up feeling great, getting longer and deeper sleep, or feeling invigorated when you used to be tired mid-afternoon.

This is all thanks to your fitness and nutrition changes.

In the club, your coaching team is building your long term plan and will be sharing it with you next week. That's going to include what your nutrition will look like, so it's time to keep taking notes and sharing them in your meeting this week.

What has worked for your meal prep?

What are the easiest kind of meals for you to make?

What meals do you savor eating and are worth the extra effort?

Only two weeks to go!

When you're in the home stretch it's all about staying the course. It's why leftovers become your new best friend come week 5. Prep and cook once, eat for multiple meals. Consider doubling (or if you're like my family, tripling) up and watch as your prep time winds down and your food enjoyment winds up.

With just two weeks left, you're likely pushing hard for those final pounds and inches to fall off. Be hyper-aware of what you're drinking this week: liquid calories are not empty calories. Our challenge to you:

- ☑ Drink a full 64 ounces of pure water daily.
- ☑ Add in an unsweetened herbal tea each day. Try a red zinger if you love tart flavors, a peppermint for mornings, or a chamomile tea in the evening.
- ☑ Avoid artificial sweeteners, plain and simple.
- ☑ Start every day with a warm cup of water and a squeeze of fresh lemon. Bitterly crazy... yes. But it's the perfect palate cleanser and ensures that you're hydrated after a long night.

7...6...5...4...3...2...1!

The countdown to weigh-in has begun and you're days away from ending this 6 week challenge strong. Each day counts quite literally this week. Here are our tips to making the most of it:

- ✔ Stay hydrated. Don't forget your water, my friend. It makes a huge difference on your hunger.
- ✔ Keep your protein intake up. Protein powder is your best friend in making sure you keep burning fat and adding muscle.
- ✔ Don't consider going hungry. If you starve yourself down a pound, you're likely to see it (and a few friends) pop right back on your body the following week. Now is the time to eat smart.
- ✔ Snack smart. Pack your snacks in advance and make sure you keep your hunger satiated throughout the day.

We can't wait to meet with you next week for your final weigh out!

KCAL

INGREDIENTS

2 tablespoons olive oil, divided
 1 1/4 pound pork tenderloin
 1 teaspoon salt
 1/2 teaspoon pepper
 1 tablespoon stone ground mustard
 3-4 slices bacon
 5 carrots, peeled
 5 Yukon Gold potatoes
 2 cups broccoli florets
 1 onion
